The Budget estimates now submitted are much the same as those sanctioned for the current official year, an increase of Rs 230 being shown under "Receipts" and a decrease of Rs 151 under "Expenditure" Reasons for the variations in the figures are given in the Memo enclosed in the Asst Supt Gen's letter

Most of the increases proposed are for supplying additional tools and instruments -

An increase of pay from Rs 30 to 40 per mensem is proposed for the Masonry Instructor

Submitted for orders.

Explanatory memo to accompany the Budget Estimates of the Industrial School for the year 1898–99

~~~ x ~~~

The grand total of the Budget provided for the year 1898-99 is Rupee 17966 against Rs 18117 – sanctioned for the current year The Abstract and detailed Statement for each item under machinery and tools are submitted for information

Item I Machinery and Tools

1 Drawing class

The current years grant of Rs 160 – is a little less than that provided for the coming year this sum is required to provide the class with a sufficient number of Drawing boards etc.
~~~

(2) Modelling class

A sum of Rs 60-14-8 is provided for the coming year against Rs 150 sanctioned for the current year. This sum is provided for sundry tools etc required for this class

(3) Carpentry and woodcarving class

A sum of Rs 117 - is provided for this class against Rs 276 - sanctioned for this year to purchase a sufficient number of important tools such as planes and chisels for the use of this class

(4) Blacksmiths and fitters class

The sum of Rs 510-13-4 provided for next year is in excess of the present years grant This class requires a powerful double geared Drilling machine as illustrated in figure 208 of Richards and Cox "Engineering"

holes easily in heavy work
The machine class is
provided with a small
bench drill which has a
large share of heavy drilling
although this machine
is not intended for such
work
one grindstone is
also required for this class
to sharpen drills cold chisels
and punches for work and
thus effect a considerable
saving in the number of
files used up for this purpose

5 Masonry class

This class is already pro
vided with a superior
plane table for surveying
from Madras The necessary
Levelling Instruments
Dumpy Level and levelling
staves have been ordered
and are expected shortly
Two more instruments are
required for this class (1) the
Ceylon Ghat Tacheometer and (2)
the Theodolite The former
is [illegible] issued on the
[illegible]

...ble to Coast and
... instead of the
Cheap other used at
... drawn The latter instru
ment is also necessarily
... in addition to the
course prescribed for the
Subordinate Officers & Surveyors
classes at the College of En-
gineering in Madras —

... although this
is not used by the Subordinates
in the Service at known-
ledge of this seems desirable
The Standard of instruction
for this class has since
been raised to the Subordinate
grade — some of the boys
having already passed
in the Madras Technical
Examinations in such
subjects as Building ma-
terials and Construction
Building Drawing and
Estimating Mensuration
and Practical Geometry
& while others have appeared
this time in Survey
& Earthwork

themselves as Subconservers or Taluk Inspectors etc As the number of boys in this class has risen considerably this year, another Plane Table and Prismatic Compass are required for the two Surveying squads into which this class is grouped for the above reasons a sum of Rs 1041 has been provided for next year against Rs 590 sanctioned for this year

(6) Pottery class

The Isle works proposed in last years Budget have been omitted in Government Proceedings vide X 6287 dated 24-7-97 dated Bangalore 1st December 1891 for want of proper accommodation, both the Bangalore Isle press and the Mysore-ware are idle The former however requires heavy wooden framework in putting it up and le[illegible] roofing

tiles experimentally a wooden
machine for moulding the
joints of drain pipes has
been designed at a cost of
Rs 150 - is required for
making this The machine
for making drain pipes has
to be ordered sometime back
owing to the great difficulty
experienced in drawing
water constantly from the
well for preparing clays
for the use of the pottery
and modelling classes, a
deep-well pump is provided
under this head If manual
labor is employed to draw
the required quantity of
water it will have to be constantly
engaged As the force pump
only two men need be em-
-ployed - The force pump to
be provided with a hose will
also be of use as a fire
engine in case of an acci
-dental fire in any of the
temporary sheds

(7) Rattanwork class

The current age
of Rs 30

for the coming year as only a few tools are required for the use of this class

8 Machine class

A sum of Rs 147 is provided for next year against Rs 266 sanctioned for the present year This is required to purchase a few common tools such as files hacksaws etc No provision is made for new machinery for this class for want of accommodation

(9) Sundries

A sum of Rs 130 is provided for next year against Rs 120 sanctioned for the current year to meet any unexpected charges such as variations in the price of Tools etc ordered from England, caused by a rise in exchange

Item II Materials

1 2 3 and 4

The current years provision of Rs under lumber Rs 600

x of Rs 500 under class
ee retained for next
year as there is a landing
place now stocking a larger
quantity

(c) Grass cutting etc

Rs 1500 for same to be
retained for next year
under this head

(b) Fuel for boiling
temporary
etc a new kiln is under
construction in the ad-
dition to yard lately
granted to the School a
provision of Rs 500 - is
made under this head

7 Sundries

A sum of Rs 100 - is asked
for next year against Rs
150 provided for the present
year

Item III Scholarships

The provision of Rs 3,300
made for next year is
the same as the present years
This includes Rs 900 - pro-
vided for the Weavers class
at Chamarajanagar

Item IV Rent of B

The pr

next year under each of the Sub heads 1 + 2 are the same as for the present year

2 Under sub head 3 a sum of Rs 300/- is asked for temporary construction of masonry tanks, trial bores etc against Rs 500 sanctioned for the present year

V Contingencies

(1) Office and school furniture

1 As the number of boys in some of the classes has increased considerably and is likely to increase still more, the same provision of Rs 300 is retained for making the necessary furniture

(2) 2 3 4, 5 and 6

The current years provn. of Rs 150 120, 120, 50 and 200 are retained under the respective heads for next years

against Rs 628 sanctioned
for the current for paying
artizans such as Sawyers
carpenters, blacksmiths
etc to execute emergent orders
which are many in
number

2 (a) Labor coolies etc

The grant of Rs 220 is
retained under this subhead
as in last year to employ
three coolies for mixing
clays & working the tile
presses in the manufacture
of tiles etc in the Potters class

(b) earthwork (c) Sundries

The present years provision
of Rs 200 - and 100 respectively
are retained for next
year

Item VII Establishment

The increase to the Superintendent, recommended
by the Committee

13 he has not been graded as a grade II as recommended by the Committee The increases of Rs 5 each to the carpentry & Pottery masters & one rupee each to the Sweeper and the Scavenger besides the pay of two new watchmen on Rs 6 each have all been sanctioned by Government Proceedings nos $\frac{8441-2}{\text{Rd } 213}$ dy 21.1.98 and no $\frac{1065-6}{\text{Rd } 722-96}$ dy 2-3-97 in the current year There is provision in the current years Budget for a new Survey Instructor at Rs 30/- per mensem It appears that the present instructor K Veerappah is an experienced surveyor of the S & R Dist with about 29 years service He has been doing fairly well in giving instructions in surveying and Levelling, Estimating and in outdoor work An increase of to recommended for him as provided

for next year.

Item VIII Weaving Industry

No provision is made under this head for next year Rs 7000 has been sanctioned under this head for the current year but not yet utilized

Item IX Night Classes for general Instruction

I have the honour to submit for the sanction of Government the Budget Estimates of the Government Industrial School Mysore for the official year 1898 99 with an explanatory memo

Explanatory Memo to accompany the Budget Estimates of the Industrial School for the year 1898 99

The grand total of the budget provided for the year 1898–99 is Rs 17 906 against Rs 18 117 sanctioned for the current year The abstract and detailed statement for each item under Machinery and Tools are submitted for information

ITEM I —MACHINERY AND TOOLS

1 *Drawing Class* —The current year's grant of Rs 160 is a little less than that provided for the coming year This sum is required to provide the class with a sufficient number of drawing boards Tee and set squares &c

2 *Modelling Class*.—A sum of Rs. 60-14-8 is provided for the coming year against Rs 100 sanctioned for the current year This sum is provided for sundry tools &c required for this class.

3 *Carpentry and Woodcarving Class* —A sum of Rs. 117 is provided for this class against Rs 276 sanctioned for this year to purchase a sufficient number of important tools such as planes and chisels for the use of this class

4 *Black smiths and Fitters Class* —The sum of Rs 510-13 4 provided for next year is in excess of the present year's grant This class requires a powerful double geared Drilling Machine as illustrated in figure 208 of Richards and Cruddas Catalogue page 95 which can drill holes easily in heavy work The machine class is provided with a small bench drill which has a large share of heavy drilling although this machine is not intended for such work

One grindstone is also required for this class to sharpen drills cold chisels and punches for work and thus effect a considerable saving in the number of files used up for this purpose

5 *Masonry Class* —This class is already provided with a superior Plane Table for surveying from Madras The necessary levelling instruments Dumpy Level and Levelling Staves have been ordered and are expected shortly Two more instruments are required for this class (1) the Ceylon Ghat Tracer and (2) the Theodolite The former is invariably used in the Mysore Public Works Department for taking gradients in earthwork and roads instead of the Chinometer used at Madras The latter instrument is also necessarily required as Theodolite Surveying forms a portion of the course prescribed for the Sub Overseers and Surveyor Classes at the College of Engineering Madras Although this is not used by the Sub Overseers in the province a knowledge of this seems desirable The standard of instruction for this class has since been raised to the Sub Overseer's grade some of the boys having already passed in the Madras Technical Examinations in such subjects as Building Materials and Construction Building Drawing and Estimating Mensuration and Practical Geometry &c, while others have appeared this time in Surveying and Levelling Earth work and Road making &c in order to qualify themselves as Sub Overseers or Taluk Mestris Taluk Inspector &c As the number of boys in this class has risen considerably this year another Plane Table and Prismatic Compass are required for the two Survey squads into which this class is grouped For the above reasons a sum of Rs 1 041 has been provided for next year against Rs 500 sanctioned for this year

6 *Pottery Class* —The tile works proposed in last year's budget having been omitted in Government Proceedings No 6287 8—E1 F 4–96 dated Bangalore 1st December 1897 for want of proper accommodation both the Mangalore Tile Press and the Pug mill are idle The former however requires heavy wooden frame work for fitting it up and to prepare Mangalore roofing tiles experimentally A wooden machine for moulding the joints of drain pipes has been designed A sum of Rs 150 is required for making this The machinery for making drain pipes has been ordered sometime back Owing to the great difficulty experienced in drawing water constantly from the well for preparing clays for the use of the Pottery and Modelling Classes a deep well pump is provided under this head. If manual labor is employed to draw the required quantity of water eight men at least will have to be constantly employed With a force-pump only two men need be employed The force pump if provided with a hose will also be of use as a fire-engine in case of an accidental fire in any of the temporary sheds

7 *Lattan Work Class* —The current year's grant of Rs 210 under this head is reduced to Rs 82 for the coming year as only a few tools are required for the use of this class

8 *Machine Class* —A sum of Rs 147 is provided for next year against Rs 266 sanctioned for the present year This is required to purchase a few common tools such as files fret saws &c No provision is made for new machinery for this class for want of accommodation

9 *Sundries* —A sum of Rs 100 is provided for next year against Rs 120 sanctioned for the current year to meet any unexpected charges such as variations in the price of tools &c ordered from England caused by alteration in exchange

ITEM II —MATERIALS

1 2 3 and 4 —The current year provision of Rs 800 under Timber Rs 600 under Iron Rs 500 under Cane and Rs 400 under Clay are retained for next year as there is hardly space for stocking a larger quantity

5 *Screws Nails &c* —This year's provision is retained for next year under this head

6 *Pulp Kiln* —As a new temporary kiln is under construction in the additional yard lately granted to the check a provision of Rs 500 is made under this head

7 *Sundries* —A sum of Rs 100 is asked for next year against Rs 170 provided for the present year

ITEM III —SCHOLARSHIPS

The provision of Rs 3 300 made for next year is the same as the present year's This includes Rs 900 provided for the Weaver's Class at Chamrajnagar

ITEM IV —RENT OF BUILDING

1 The provisions made for next year under each of the sub heads 1 and 2 are the same as those sanctioned for the present year

2 Under sub head 3 a sum of Rs 300 is asked for temporary construction of masonry tanks trial kilns &c against Rs 500 sanctioned for the present year

ITEM V —CONTINGENCIES

(1) Office and School furniture —

1 As the number of boys in some of the classes has increased considerably and is likely to increase still more the same provision of Rs 300 is retained for making the necessary furniture

2 2 3 4 5 and 6 —The current year's provisions of Rs 100 100 120 50 and 200 are retained under the respective head for next year

ITEM VI —WAGES OF TEMPORARY ESTABLISHMENT

1 (*a*) The grant of Rs 120 for the pay of the wood carver is retained for the coming year
